## Principal Arakaki's Message

Dear Pauoa Ohana,

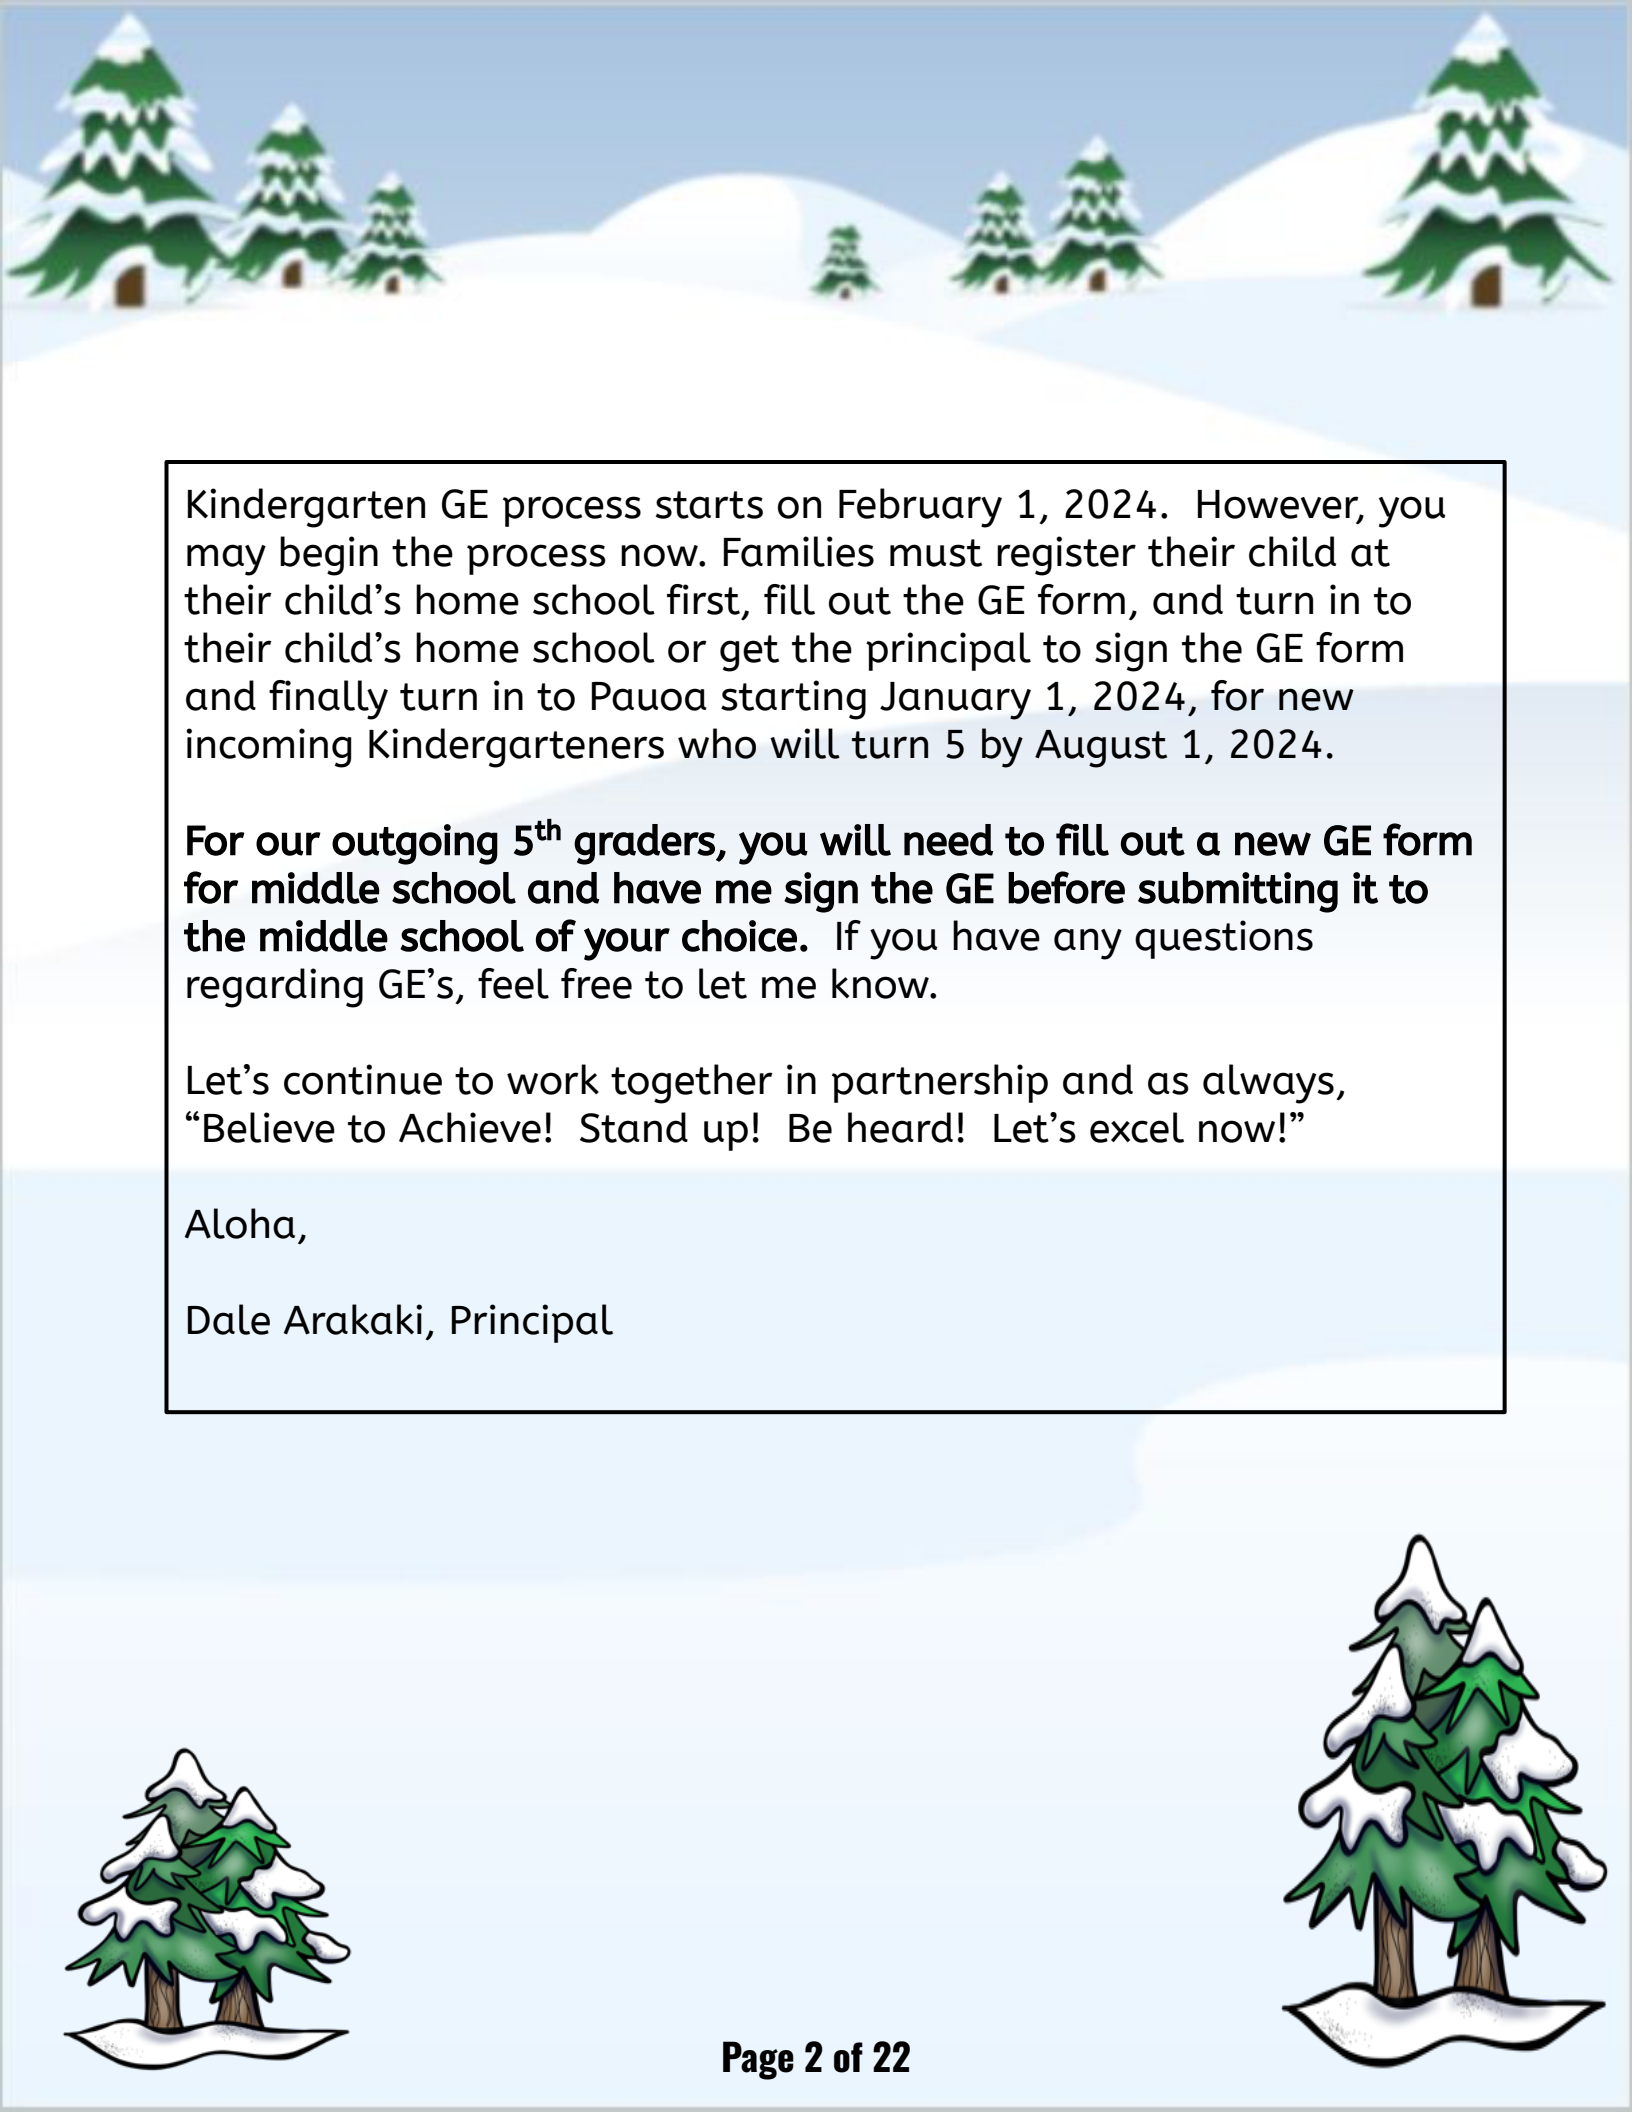

Happy New Year!!! I hope you all had a wonderful Winter Break spent with family and friends filled with precious memories, fun times, and laughter. The best are those little moments spent with your family.

We welcome 2024 with open hands as we partner with one another to make Pauoa the best educational setting for all students. By giving your child a nice quiet space to study, complete their 45-75 minutes of iReady each week, signing their planner and checking that they have completed their homework, reading every day, and taking a genuine interest in their education by asking to tell you about their day, you have just given your child the best opportunity to succeed. Create this nice time to converse with your child without any possible distractions with your devices. This time spent with your child will go a long way in creating a positive relationship with him/her.

Lastly, as we head into January, it is time to submit your Geographic Exception forms (GE) for families who live outside Pauoa's boundaries and want to come to Pauoa. **This is for new students wanting to come to Pauoa.** If you know of friends and relatives who are looking for a school in town, please let them know to fill out the GE form, get the principal to sign it, and turn in the GE form to Pauoa EL starting January 1, 2024.

Happy New Year, Pauoa coders!

Just like a line of code makes something amazing happen, you're going to build incredible things this year with your coding skills. Every bug you fix is a victory, and every program you create is a superpower. Remember, even the greatest coders started somewhere, and you're already on your way to making magic with computers!

Here's to a year of fun, challenges, and coding adventures! Keep exploring, keep learning, and most importantly, keep having fun!

P.S. Don't forget to take coding breaks for tasty snacks and epic playground quests.

Happy New Year!

I hope this newsletter finds you healthy, rested, and ready to start the new year! What better way to start off the new year than to hit you with dates and important information!

### **Second round of Parent-Teacher conferences**

- If a conference is necessary, your child's teacher sent home a Request Form for you to fill out on Jan. 10. Please be sure to fill it out and return it right away.
- Conferences will be held on Wednesday, February 8.

### **Session 3 after school tutoring and programs**

- Starts the week of January 16.
- If your child turned in a form, a confirmation letter or waitlist letter was sent home on January 9.
- A couple of reminders: if your child is going to miss their after school class, an adult needs to let their homeroom teacher, the front office, or me know, and please make every effort to pick up your child on time.
- If you registered for an after school program online (flyers of the 4 classes were attached to the after school packet sent home), any questions can be directed to the email they provided. If you haven't signed up yet and are interested, you can still register!
- My apologies for the online registration forms. I am getting feedback that not all families were able to access the form. Let's try this again for Session 4.

### **School Quality Survey, SQS**

- Sent home on January 9. The SQS measures your perceptions of the safety and well-being of your child and your satisfaction and involvement/engagement with the school.
- This is a different survey from the recent questionnaire we asked you to fill out. We need you to fill this one out as well.
- In the past, the return rate for the SQS was 33%. Not very good, but we will do better this year!
- We are looking for 100% participation! We encourage you to fill out the survey because your feedback is important to us and we use the information to help us improve. Your responses are anonymous.

### **Report cards**

- Sent home on Friday, January 19. If you have any questions or concerns about your child, please do not hesitate to contact your child's teacher.

Coming back from a long break is a difficult transition for some children. Having a routine for homework, bed time, and getting ready in the morning will help your child with this transition and be successful in school. Thank you in advance for your support at home.

Take care and be safe,

Mrs. Nakamura
