PRINCIPAL ARAKAKI'S MESSAGE

Dear Pauoa Ohana,

What an amazing year we had. It was a year full of many blessings and opportunities provided to our school community by continuing our traditional school wide activities such as pumpkin carving, mele on the lawn, and Pauoa fitness challenge. We added a student council this year so that we could have a student voice at our school. We continue to work on building our school community through our school wide activities and build on our positive relationships that bring our school community closer together.

We continue to build our school on our core values of trust, transparency, and grit. Our teachers and students worked very hard in the classroom building positive relationships, creating a robust environment for ultimate learning to occur and increasing stamina to persevere in their learning. Engaging our students in their learning is a work in progress as we get better in our instructional practices and vertical board use.

To our outgoing 5th graders, continue to make us proud in middle school. Know your Pauoa roots and shower your new peers with pride, respect and responsibility. Good luck at your next level of schooling. Everyone, have a great summer with your family and friends. Remember, Pauoa is a place for everyone. Dream big and make us proud. Pauoa is a special place because of the people that make up this community and the relationships that we build. Continue to, "Believe to Achieve! Stand up! Be heard! Let's excel now!" Imua Pauoa.

Aloha,
Mr. Arakaki, Principal

HAPPY SUMMER

A hui hou kākou Ms. West

Aloha Pauoa Ohana,

As my time at Pauoa ends, I want to give a big thank you to Principal Arakaki, the staff, families and students. I came two years ago as a vice-principal intern to begin my career in administration. I have learned so much about the inclusive culture and positive climate, the academic systems in place to support all children, and the amazing teaching occurring in every classroom. Everyday I experienced warmth, care and laughter from all the faculty and staff who make this school a special place to work. Most importantly, I was honored to serve the students of Pauoa. They greeted me with kindness and respect every day. I have loved to see the world through their young eyes and witnessed so much growth in just these two short years. My career journey takes me to Jefferson Elementary, where I hope to bring what I learned here and contribute to that school. I wish all of you the best and will forever be grateful for my time at Pauoa School.

A Hui Hou,
Julia West

Stepping off on the Right Foot

Every year, 5th grade develops a legacy project. Our legacy project this year is a solution-based endeavor with the intention to leave something meaningful to those who continue their journey at Pauoa Elementary. Past legacy projects included planting Lehua Trees on campus, installing a Purified Water Filtration System in the cafeteria, Reading to Kindergarten students, and including 'ohana in the ceremony.

This year, fifth grade students will be providing stepping stones for our Kindergarten classes to help them step off on the right foot.

HAPPY Summer Specials

Social Emotional Learning SEL Teacher: Mrs. Fong

Aloha Parents and Students,

Be kind to each other, you have the power to make people feel good! Kids as well adults can use positive self-talk. Tell yourself, "I'm awesome, I can do it, I can try my best, I've got this!" Remember a smile doesn't cost a thing. As I retire this year, I will have fond memories of Pauoa. I started in 1991 and it has been a pleasure to say, "Pauoa, that's my school." I have seen some of my former students have children and have taught them as well. My best wishes to all of you. Have a wonderful and safe summer!

SPEECH FESTIVAL 2024

The Honolulu Speech Festival was held on Saturday, April 13, 2024 at McKinley High School. Representing Pauoa School were seven participants from Grades 4 and 5. The participants were the following: Jace, Daxson, Liam, Reighan, Eternity from Grade 5, Kaylin, Isla and Jerily from Grade 4. All the participants memorized a poem and practiced daily, even at times giving up their 2nd recess! They committed themselves to 2 months of practicing. All of them improved on their presentation from projecting their voice, speaking clearly, having expression and having a steady pace. We were very proud of all of them for doing a fantastic presentation and representing Pauoa School.

Dive Into Coding This Summer!

Looking for some ideas to keep your keiki engaged during the summer months? For younger students and beginners, Scratch Jr. offers a playful introduction to coding concepts through block-based programming, enabling them to create their own games, animations, and stories. For those interested in a hands-on approach, LEGO® Education SPIKE™ Prime combines the fun of LEGO construction with the basics of coding, perfect for budding engineers aged 8 and up. Additionally, Swift Playgrounds is an innovative way for kids to learn Apple's Swift language on iPad, featuring interactive puzzles that teach coding with a touch of fun.

For interactive and game-based learning, Code.org's Hour of Code tutorials cover a range of themes from Minecraft to Frozen, suitable for all ages. Meanwhile, older children might enjoy Khan Academy's Intro to JavaScript, which focuses on creating animations and games. Don't forget to check local libraries and community centers for more coding workshops available this summer. Let's keep our students engaged and excited about technology this break!

Have a great summer!

Title 1 & Curriculum Coordinator: Ms. Nakamura

Happy May everyone,

This is an important time of year as students will be completing their end of year assessments and finishing up their grade level curriculum. It is extremely important that your child stay healthy and come to school on time everyday. Continue to support your child at home by making sure that they are doing their homework, getting enough sleep, and eating a healthy breakfast. Your partnership is truly appreciated!

As you start thinking about summer plans, please keep in mind that teachers will be encouraging your child to read everyday. Your child has access to a free shared ebook collection via Sora. This is a DOE digital library with a limited amount of books. (They may already know how to access their account!)

- Click here to go to Sora: <https://soraapp.com/welcome>
- If this is your child's first time, click "I have a set up code→" On the next screen type in HIDOE
- Your child's username is their 10-digit student ID. (They should know this number as they use it for iReady and testing.)
- Your child is able to borrow 5 books at a time.
- There is also a way to link your child's Sora account with the Hawaii Public Library system where there are even more books! Here is a link to help you with that:

<https://vlibrary.freshdesk.com/support/solutions/articles/1000288764-can-i-check-out-ebooks-from-the-hawaii-state-public-library-from-my-hidoe-sora-account->

- Happy reading!

Your child should still be able to access their iReady Reading and Math accounts, and their IXL accounts. iReady passwords should work until about mid July. IXL passwords should work the entire summer.

Dates of interest:

May 17: Last day for After School Programs and Tutoring

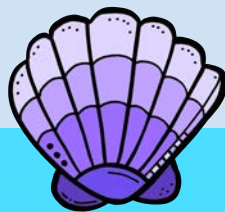

June 5 - July 3: Summer School at Pauoa

- You should have received a confirmation or waitlist letter; if not, please contact our school counselor, Darin Uetake.
