## Keiki Animation at Pauoa Elementary

Bring Your Artwork to Life!

Have your keiki ever wanted to learn how to bring their drawings to life? If so, the Keiki Animation class at Pauoa Elementary's summer school is the perfect opportunity for them to dive into the exciting world of animation! This hands-on class will teach students the fundamentals of animation, including movement, timing, character design, and how to start creating their own animated story from scratch. They'll get to explore how characters move and express emotions, and learn techniques that professional animators use every day to create exciting animated stories.

The class is led by industry professionals with over twenty years of experience in animation, who are passionate about sharing their knowledge and inspiring young artists. Students will have the chance to experiment with their own ideas, and the supportive environment ensures they can create and learn at their own pace. By the end of the course, your keiki will not only have learned the basics of animation, but they will also have the skills to begin animating their own characters and stories.

This is the perfect class for any young artist looking to take their creativity to the next level! Sign up today for a summer full of fun, learning, and animation magic!

- ★ **Grade 1-2 on Thursdays; Grade 3-5 on Fridays** (Class days may be adjusted depending on interest)
- ★ **Once a week (4 total sessions) from 12:30-2:00 pm.**
- ★ **Tuition is \$120**
- ★ **Please make check payable to: Twiddle Productions Inc**

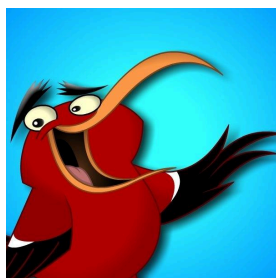

## Keiki Coding at Pauoa Elementary

Create Your Own Video Games!

Has your keiki ever wondered how video games are made? If so, the Keiki Coding class at Pauoa Elementary's summer school is the perfect place to start! In this fun and interactive class, your child will dive into the world of coding using Scratch, a kid-friendly tool that lets them design their own games and animations. They'll learn how to make characters move, create interactive games, and bring their ideas to life on screen.

The class is all about creativity and problem-solving. Your child will explore the basics of coding in a way that's exciting and hands-on. With each project, they'll gain new skills that help them think logically and work through challenges. By the end of the class, they'll have built their very own video game and have a solid understanding of how coding works.

If your keiki loves games or is just curious about how technology works, this is the perfect class to explore coding, learn new skills, and have a blast this summer!

- ★ **Grade 1 on Mondays; Grade 2 on Tuesdays; Grade 3-5 on Wednesdays** (Class days may be adjusted depending on interest)
- ★ **Once a week (4 total sessions) from 12:30-2:00 pm.**
- ★ **Tuition is \$120**
- ★ **Please make check payable to: Twiddle Productions Inc**
